Easily connect to a PC monitor or a smart TV Unit, see below steps

1 Generate the display code from the OrderReady mobile app

2 Connect your web browser or smart TV to <https://display.orderready.app/> and input the 6 digits Display Code.

3 Create the Order Numbers in your OrderReady mobile device

4 The customer Orders list now shows up on the PC or TV screen!

(OrderReady Instructions - A QUICK GUIDE)

Connecting Multiple Mobile Phones

You can use multiple mobile phones to post Order Numbers to the same TV Display Screen.

Step #1 On the 1st device, generate a Display Code. Also make sure the “Allow other devices to join...” is checked.

Step #2 On the 2nd device, select “Join Existing” and input the Display Code generated in Step #1.

Please note the following requirements:

- The original mobile device must check “Allow other devices to join...”
- The service names on both devices must be spelled exactly the same.
- Requires an active WiFi connection for both devices.
